

Vivekananda Institute of Professional Studies Vivekananda School of Information Technology

Workshop on Internet of Things (IOT)

Two days workshop was held on Internet of Things (IOT) for IT students on **30th and 31st January 2017** by VSIT-VIPS and was coordinated by the VSIT Academic Committee. The aim of the workshop was to build knowledge base of students, so that they can work seamlessly in field of IOT which is a new interdisciplinary subject encompassing the fields of Computer Science and Electronics. Workshop started with the welcome of the guest trainers - **Mr. Arshad and Mr. Manish by Prof. Dr. Vinay Kumar, Dean VSIT and Prof. Dr. Mamta Madan**, Academic Committee Convener, VSIT. The main focus of workshop was to give pragmatic knowledge to students on **Arduino and ESP 8266 WIFI Boards** for IOT enabled platforms.
