Mind Speak – Literary Society

Here the mind speaks without fear

A DAY OUT TO LIGHT SOMEONE'S LIFE

(Report on a visit to an NGO)

The literary society added yet another feather to its cap when its team members became philanthropies this Diwali. A team of eight members visited an NGO on 26/ 10/2016.

This NGO had children of all the age groups from 0- 17 years of age. These volunteers spent the whole day and distributed chocolates, chips and other goodies amongst them. That was one of the ways to lit up someone's day for some hours on this festival of light.

The name of NGO has not been disclosed, as the authorities had requested it. Thus, it is an attempt to respect their sanctity.

This was not only a day out for them but actually enriched them with the various unseen challenges and experiences of others. They also learnt to count their own blessings n fortunes.

VSIT appreciates this selfless service and unconditional happiness spread by Mind Speak Team this festival.
