

Workshop for the faculty members

A workshop by Mr. Satinder Chawla was organized for the faculty members on **23rd December, 2016**. The proposed presentation was divided into two phases, 'ADHD' and 'Study Technology'. ADHD refers to Attention Deficit Hyperactivity Disorder while Study Technology is a tool which was introduced by L. Ron Hubbard.

Hubbard in his work titled 'The Barriers to Study' discovered three primary barriers which keep one from successfully studying a subject:

1. Lack of Mass
2. Too steep a gradient
3. The Misunderstood word

The workshop was quite interactive.
